THE MAGDALEN SOCIETY

1891–1898

1891

Wednesday Oct. 21st

The monthly meeting of the Board of Managers was held, at 5 P. M. The mother of Mary Campbell called inquiring if Magistrate Pole had notified us to release Mary. Mary was sent here by the Magistrate Oct. 12th (instead of to Prison as her father urged) and brought by the Police Matron and Mr Campbell. As we had received no communication from Magistrate Pole and her father having agreed according to our rules to allow her to remain a year, the Mother was requested to send her petition to the Board of Managers. The Board in their meeting this evening desired that Mary be retained, unless a direct order from the Magistrate should release her. Mrs. Albertson called and left a good report of Jennie Hocking.

Mercedes finally confessed she had taken them and that they were in the home where she last lived.
In the afternoon Jennie Scott was taken away by her sister, after spending a little over a year with us. Her sister took her to her father's home.

has increased the wish to do better, and more effective work in His vineyard. Ida Ditmar Jeffords called, she is in great distress, her husband has not been able to find employment, and they were without food. We gave her some things to take home for her supper and breakfast.

Mr Moson keeps a Hotel at Bangor Penna. and does not want to take Mamie their again — he is contemplating changing his business, but cannot do it soon without sacrificing a good deal. Mamie has done well here, we shall miss her for she is our organist since Gertie left, but we feel it is better to let her go when he comes for her, her father took her to the Dentist to get some teeth out, then brought her back and left her until he come

I went down to the C. A. S. but the Supt. was out, and the lady in attendance did not seem to know much about the case, but promised to come up and see the girl before the day was out — she did not come.

I suggested the "House of Refuge" as a suitable home for the girl, but they strenuously opposed that and made so many disparaging remarks of the place, that I told them I did not think they were rightly informed about the Home, and in my judgment it was the most fitting place for this girl. 1892 We shall miss him much — His last service he held here was the first Sabbath of this month, and he took for his subject "In the midst of life we are in death", we remarked after he left us how earnestly he talked and seemed so impressed with the solemnity of his subject — The girls have spoken of it a number of times since — and when we told them he had gone from us forever in this life, there was a general breaking down — and one asked another, "do you remember how he talked to us on his Sunday afternoon? little did we think it was his last message, May God bless it to the salvation of the unsaved, that even in death he may speak.

Laura Williams, Maud Johns, Carrie Bard, and Maud Reider were taken away and were sent to the House of Correction — Florrie Lott after the hearing returned to us of her own accord — Mamie Wells the chief witness against Mr Applegate — and who turns out to be a runaway from a good home and good parents in York Penna. 1892

Tuesday Feb. 9th

The 92nd Anniversary of this Home was held — There was a small gathering of friends to celebrate this event, a sadness was over the meeting owing to the death of our Manager Mr Andrew H. Miller. Later in the day we learned that Mrs. Sarah J. Miller our faithful Saturday afternoon worker, at 11 o'clock in the morning had passed away to her eternal home. We shall miss her so much, for more than fifteen years she has given here a labor of love. During her illness we called upon her, and found her ready for the summons she sent a kind remembrance to all ~~here~~, and said she should never see them again in this life — The girls feel very badly, for they loved her much.

Wednesday Feb. 10th

Mr Barlow, Magistrate Pole, and Mr Moffett for District Attorney Graham, called to interview and take the testimony of these girls again. We shall be heartily glad when this trouble is all over — in a measure it disturbs the girls — Yet we are somewhat surprised that it does not upset the discipline more than it has — The sending away those four girls had a good effect.

We received a notice from Mr Crew that information had been received, that Mr Applegate was employing special detectives and an effort was to be made to have a girl admitted here to talk with these girls — And Mr Crew suggested we admit no one until after the trial unless we know very well from where they come, or are sent through their office. We shall submit it to our weekly Committee. The trial comes off on the 17th

Sunday Feb. 14th

Eleanor and Jennie visited.
Preaching in the morning by Rev. Mr Stretch. No services in the afternoon. Bible-Class in the evening by Mr Scott.

Monday Feb. 15th

These are days of sad scenes, the parents of these girls taken in the last raid, are visiting them and they are heart broken.

Tuesday Feb. 16th

An application by a young girl that was pregnant, A very sad scene was witnessed here to day. The father of Naomi Pepper was notified that his daughter was sent here by the S. P. C. C. Mr Crew called with him this morning — Mr Crew met Naomi at the door and took her into the Parlour to speak to her before she saw her father — as he attempted to lead Naomi into the office she stopped and cried out, "I Cannot go, O I cannot go" — the father made a hasty movement with both arms outstretched, and met her in the hall, with the words "Come to me daughter, Come, father forgives you". "O how can you, father, how can you, I have been so bad", "but I forgive you he said" and all the while he was holding her to his heart. It was a very touching time, he told her he would take her home, that her mother and sister were heartbroken to see her —
Naomi ran away from her parents in

1892

September last — they live in Cork, Pa. This was quite a different Scene from the one a few days ago when Lettie Stewarts father called — he had been hunting his daughter for some time — and when she came into the room and offered to shake hands with him, he pushed her away and told her not to touch him — and as he left, Lettie pleaded with him to forgive her — and promised him she would not do wrong again — "Never, he said I will never forgive you, You are a disgrace to your whole family". I asked him as he went out if he ever expected to be forgiven himself — O he made answer I dont believe in any such doctrine — Poor girl she was the one that was broken hearted — Lettie came here with her own free will and I believe is thoroughly in earnest to reform. Mrs. Allen called on Monday to see Lillie, she had not heard from her for many weeks — and did not know her daughter was leading a lewd life — Mrs. Allen is a widow and the mother of fifteen children and out of the twelve that are living, says this is the only one who has given her trouble. It is a sad blow to her — and this too was a harrowing scene — If nothing more is done by this raid on Applegates place, but the rescuing of these girls under our care, a good work is done —— the girls themselves all feel thankful for their arrest —

Wednesday Feb. 17th

Ten of our girls were taken to Court this morning, and returned at 1.20 oclock — Mr Applegate was sick in bed and the trial was postponed until the 29th inst.

We were surprised and pleased to see Dora Ohman — In April 1888 she left us to return home to her adopted mother — she did well for some months, but her mother ever looking upon her with suspicion, and taunting her of the past, Dora finally ran away from home, and for some weeks lived a dissolute life —— She then married, and tells me to day she has a

1892

good husband and a very comfortable home, they are now at housekeeping in Camden New Jersey — having moved from New York. It was a great comfort to see Dora — when she left us we had great hopes of her — and she said to day, She had every intention to do right and staid at home as long as she could. Meeting of the Board of Managers at 5 P. M.

Thursday Feb. 18th

Recvid a note this morning from Mrs. Miller's daughter, that her Mother had desired her to give a roll of carpet to the Home that Mrs. Miller had just had made — and to send an order for it, I sent for it, there are thirty yards of rag carpet — it was very kind in Mrs. Miller to remember us — I have written an acknowledgment to Mrs. Hartley,
Naomi Pepper or Mamie Wills as she called herself had another trying interview with her father, he came to bid her good bye —

Friday Feb. 19th

Nothing of importance occurred.

Saturday Feb. 20th

A father applied to have his daughter admitted, as it was a holiday said he would bring her tomorrow.

1892

Tuesday Feb. 23rd

Mrs. Burn is quite ill, with a very sore throat diphtheretic and grippe. The father brought his daughter the applicant of yesterday —

Wednesday Feb. 24th

The household is suffering again with the sore throat malady that we do not seem to be without for many weeks at a time. Four of the girls are down in bed with "the grippe" principally in the bowels and they suffer severe pains. It is very depressing, the constant sickness we are having in this place. As we have so little dangerous sickness, not much thought is given to this constant wearing upon the system and spirits by this being half sick. Never was an Infirmary more needed than in this Home, the keeping the sick and the well together, the breathing their breaths in that low studded Sewing-room day in and day out, is a good way to keep sickness in the House, and to spread it. Will not the Board of Managers talk with our Doctor, and see if he does not agree with me?

Thursday Feb. 25th

A girl that was pregnant applied for admission.
Enclosed is a note to Mr Robinson and also one from him, regarding the gift of a picture to the Home from Mrs. Andrew K. Miller. We sent Mr Sheridan for it.
Mrs. Burn is better, but not able to sit up.

Friday Feb. 26th

Gertrude Moser was sent us by the L. P. C. C. brought here by Mr Fenstermacher Chief of Police of Bethlehem Pa.

Saturday Feb. 27th

Miss Bedlock conducted services. Will not the Board of Managers consider about the necessity for another room for the inmates, either a Chapel or a dining room, for the need grows more and more every day. I believe it would greatly add to discipline and reformatory influences, if such could be had.

1892

Sunday Feb. 28th

No preaching in the morning. Afternoon service by the Rev. Dr. Murphy and Mr Hieskell.
Bible-Class in the evening by Mr Buttler, Mr Hill present.

Monday Feb. 29th

Eleven of our girls were taken to Court, in the Applegate case. We shall be heartily glad when this trouble is all over for it has a very demoralizing effect upon the family.
They were all returned later, the trial being postponed. An order was brought by Mr Pepper that his daughter be returned to him, and a promise was given to some of the others that they too should be released. It has made quite a disturbance. The officers brought us word that four of the girls behaved very badly in the Court room. And refused to be brought back - The discharging the girls that were held in the Central Station aroused our girls to rebellion. Mr Barlow questioned them very closely about the Home, why they did'nt want to come back - "did'nt they get enough to eat, were'nt they treated kindly, did'nt they have clothes enough to wear &c?" one of them told him she did'nt get enough to eat, each of the four had some complaint to make. The other girls, those who have been here the longest, could'nt stand it any longer, & told the girls they ought to be ashamed of themselves, that they were telling lies about the Home, and how could they do it. Then Mr Barlow questioned them they said the girls had lied, they had been in the Home almost a year, they were happy, they had plenty to eat and were kindly treated, and they were glad to go back to it — From the Officers account there must have been a lively time. When they came home and I afterwards questioned these four, they all lied out of it. Naomi Pepper has gone home with her father, I trust she has gained some good in the four weeks she has been here.

1892

Tuesday March 1st

Lillian Allen's sister brought a discharge from Mr Crew for Lillian, she was taken home to her mother — Liggie Ruckabsle has been here a year and was taken home by her mother, she came also from the S. P. C. C. She promises well but we feel we must wait in her case for time to develop and determine she is sincere. Mrs. Burn is sitting up — Rosie is down with the same kind of sore throat.

Wednesday March 2nd

Nothing of importance occured.

Thursday March 3rd

Mr Crew called. Edith visited, she likes her place very much, and seems better in health.

Friday March 4th

We were very pleasantly surprised with a visit from Fannie Osler, she is doing so nicely - In April 1887 she left us, this is one of the girls Mr Brown was so interested in, she came through this society. After she left here Mr Brown succeeded in getting her into Wanamakers dress-making department, and she boarded with Miss Wilson's mother. She worked for two years for Mr Wanamaker, then for Darlington & Runkle's, and is now going out by the day and getting a dollar and a half a day. She is engaged to be married, and her prospects are good.
We also had a visit from Mrs. Hartley Mrs. Miller's daughter. Miss Cunningham and Mrs. Burn are very miserable indeed, and hardly able to be down stairs - Mr Robinson gave us a Magic Lantern exhibition, which we all enjoyed very much.

Miss Bedlock Conducted services. 1892

The seriousness of Sunday still prevails, eighteen of the girls are showing an honest sincerity in seeking pardon for sin. Lettie, Linda and Stella we feel have found the Saviour. May the blessed work continue until all are saved.

Thursday March 31st

Lettie Howard came from the Country, preparatory to going to Mrs. Wood's to live, Jennie Hocking called — has gone to a place on N. Broad St. Mamie Grook with her baby called also, she is married and living in Delaware. Mr Grew visited to inquire about letting Naomi Collins go home at the expiration of her time, her home is not a suitable place for her, and he has decided to place her at service.

Mr Hill visited also, and went into the sewing room, and gave the girls a pleasant talk.

The family a few years ago lived over on Summer St.

1892

Tuesday April 5th

A Lady applied to have her sister admitted, and a Mother her daughter. Mr Crew sent a gentleman for Naomi Collins — later in the day Naomi's people were here and are very much incensed that Naomi is not to be returned to them. Her home is with an Aunt who as the Bakers state it runs "the growler", and the S.P.C.C. do not feel willing to have the girl go back to her Aunt.
In the evening Miss James and her pupils gave a very Choice Concert, "The Rose Cantata" but one Manager, Mr Criskell was present — I felt very sorry for Miss James.

Wednesday April 6th

The daughter that the Mother applied for yesterday was brought this morning by her father.

Thursday April 7th

Nothing of special interest.

Friday April 8th

The Mother that applied last Tuesday for her daughter brought her today, the girl had run away from her in the meanwhile, and the father caught her this morning walking on Chestnut St. She looks like a bright intelligent girl, and I trust we can do her good.

Saturday April 9th

Mr Fenstermacher of Bethlehem Pa, brought Mary Engle a girl 17 years of age, she is sent by her father. Mr Crew has decided to return Naomi Collins to her people, the girl is so vacillating he fears all efforts to keep her from her relatives will be unavailing — Received a letter from Mrs. Wagner of Norristown that Emma Reidenger had been there and both Amelia and she had run away again.
Mrs. Tarr the Aunt called and took Naomi home.
Miss Bedlock conducted services.
The girls held their Christian Endeavor meeting, and they seem very much in earnest.

1892

Sunday April 10th

Wednesday April 13th

Nothing of importance

Thursday April 14th

The girls held their Society meeting in the evening, their being no school until Saturday this week — these Christian Endeavor meetings we are trusting will do much good. There is a depth and earnestness I like about it. The girls need encouraging and teaching, and the Majority of them are sincere. The Active Membership enrolls eighteen, and eight Associate Members. A word of encouragement from the Board I am sure will be helpful to them.

Friday April 15th

Lottie Byers visited us —

Saturday April 16th

Received a notice from Mr Crew that he had Emma Riedenger and Amelia Wagner arrested and expected them at the Office & if I would like to see them. I went down to the S.P.C.C. and saw the girls, they had reached their last penny and was on the eve of ruin when arrested — Mr Crew gave them another chance to go home

1892 under promise of staying their and doing right.
They both promised us they would —
Jennie Hocking, Edith and Fannie Silcox
called to see us. Mrs. Cooper sister
to Miss Bedlock and who used to come here
regularly on Saturday afternoons, but stopped
on account of failing health, took up the
work again, and conducted service this afternoon.

Sunday April 17th

Easter morning — Services were conducted by
Dr. Stone, Mr Garrigues & Brother and a gentleman
from the Deaf & Dumb Asylum — A Professor from
that Institution — Mr Marsden expected to be
here, but was too ill. The afternoon service
was by Mr Wing, and the evening Bible-Class
by Mr Hill — The services all day were unusually
good, and we feel the girls are benefitted by them.

Monday April 18th

Louisa Miller called to see us, she is at home with her
Mother and is doing well.

Tuesday April 19th

A sister called to see if we would admit her little
sister of 11 years - we advised the "House of Refuge"
but she was opposed to placing her there — so
we sent her to the S. P. C. C. An application
from West Chester to admit a child of nine
years of age.
Received a letter from Mrs. Murphy of Little
Silver New Jersey asking for information about
this Home, the people of that section are
contemplating the opening of a Home for fallen girls.
We wrote we could wish it would be located in
Camden. We are very much encouraged with
our family and feel the majority of those
professing salvation are seriously in earnest.
There are always some that do not fully understand
what they are about, but even those show
faithfulness to the light they have. And who
shall judge them! "The Lord knoweth them
that are His!"

1892 Their "Christian Endeavor Society" is a help to them
and as they become better acquainted with it
and understand its responsibilities and re-
quirements I trust will be to them, not only
helpful here but a safe guard when once more
mingling with the world. Saturday evenings
are devoted to it, and thus far have been very
interesting. The girls conduct the exercises.
The duties of the Look out Committee which requir
they shall keep some what of a watch over each
other, I find needs training and some tact to
guide it aright, and avoid hurt feelings —
But thus far all goes well.

Seven of our girls were taken out to the Applegate trial. One of them Annie McDevitt was not returned. Mrs. Biddle of the State Board of Charity's made her Annual visit.
Little Bertie was taken away to be adopted in time by a family living three miles out of West Chester. We miss the little one very much and hope her new home and new friends will prove all that can be desirable for her.

Tuesday May 10th

Mrs. Craven writes me that Rachel has left her, leaving a note that she has gone back to her old habits. I feel great sympathy for Rachel — her great fault is love of drink, and it has become a

1892 disease with her. She is never safe only when housed in Institutions. It is pitiable to see her efforts to resist the desire for drink. I am sorry she left us, for her will power has become so weakened, she falls as soon as left alone.

Wednesday May 11th.

An Officer brought $18.00 to the girls that were held as Witnesses in the Applegate trial. The six that were returned to us on Monday received $3.00 apiece, which I told them they will receive as they leave here.

Thursday May 12th

We were very much surprised and very glad to see Angie Cleaver or Forschimer as it is now. It is eight years since Angie left us. Police Station called to see if we would receive a girl that had been under her care at the Station House. We told her to get what information she could concerning the girl, and if she is willing to come herself. Application was made again for a girl living in West Chester, after consulting the Committee it was decided to have the girl brought here and if after seeing her I was satisfied she was a subject for our Home to admit her. Received a reply to my letter and Miss House or Mrs. Courtney will bring her down on Friday sept.

Tuesday May 17th

Mr Crew visited, he brought a letter from Emma Riedenger in which she claims to be married, She is very doubtful of it, and is making inquiries. I am very much pleased with the spirit of submission Ada Morris shows. She feels so grateful that she has been placed here, and says on last Sunday afternoon while in her room God spoke peace to her soul. She seems deeply in earnest. Ada has good Christian parents and has been the child of many prayers. Her downfall has been since Christmas, but would have been a very rapid one, had she not been rescued.

In a Conversation with her to day, she said, while in the vile house she was, when the women and girls would come in, she loathed their words and actions, and thought how could she the child of such parents and such a good home, stay in that vile immoral place, but was ashamed to go back home. May the dear Lord continue the good work begun in her, and her life be a better one.

Thursday May 26th

Nothing of interest during the day.

Friday May 27th

Mrs. Boughton made application for her adopted sister — about two months ago she applied, and then they did not know exactly when the girl was. She is now to be found as one of the actresses at the Gyseum Theatre on Vine St. I sent Mrs. Boughton to see Mr Crew. Ella Munyon and her mother called.

Thursday June 2nd

Mr Kieskell called to tell us that Mrs. Holbrook and some friends of the Choir of their Church would be pleased to come here and sing for the girls,

Monday June 6th

We have received a donation of Sunday School Papers about three hundred copies, from the Sunday School Union.
Emma White's father came today to

1892 take his daughter Emma home. She has been here eight months, I decidedly told him to take her home now was to Emma's detriment, and he must meet the Board of Managers on Wednesday the 15th for their consent to remove her.
Mr Crew called to say he had a place of service for Ida Hammond, and she would send her on Wednesday. From information he gave me of the sister, adopted of Mrs. Boxton, I declined to receive the girl in the Home. She is a loose Theatrical Character now living with the former proprietor of the Lyceum Theater of 8th & Vine St. as his mistress. I do not think it would be for the best for our girls, to place such a Character in their midst.
Mr Kieskell invited a former singer (Mrs. Holbrook, formerly Miss Beckman) in their Church to sing for us, and together with some friends of their present Choir came this evening, and gave us a very pleasant season of sacred Music.
Some ten years ago Miss Beckman frequently came and gave us the pleasure of hearing her in sacred songs. The family enjoyed the evening and are the better for it.
Mrs. Wood informed me after School, that she would have to confess to a departure from the regular routine of the School hours, and just how it came about she could hardly tell, they seemed to insensibly drift into it.
She had given out the studies, after having as usual opened with singing, reading and prayer, and had marked on the blackboard the outline study of geography — when a question was asked which led to others, and before they knew it they were from South America to Heaven, then back to questions of life that would give them a sure passport to that abode. Mrs. Wood said she was amazed at some of the questions, and the sincerity with which they were asked, so great had the interest become, that a request was made that they might all gather around her, and

1892 when a pause occurred, she called them to proceed with their lessons, and on looking at her watch found it was twenty five minutes of six o'clock. The bright looks of the girls and their eager desires to tell of the pleasant afternoon they had passed, and the instruction they had gained, led us to feel it was time profitably spent.

She has recently married a young wealthy Chinaman of Atlantic City, and they desired to have Bertha to take her with them to New Orleans.
The Managers of the Northern Home were satisfied to give Bertha to them, and after considering the matter to our Committee it was thought we could do no better but return the inmates girl over to the Northern Home, as they are indentured to them. Received a letter from Fannie Bevan which we enclose— Fannie was here twice, In March 1885 she was sent here by the S. P. C. C. was only 15 years of age. A girl we had in the house at the time told us this girl was kept as the Mistress of a man up town who kept a Saloon and Brothel, We notified the S. P. C. C. and they raided the ~~the~~ place, and brought the girl here. She remained until July, and while I was away, she and another girl behaved so badly they were given over to the S. P. C. C. and placed in the House of Good Shepherd. Fannie or Florence as we called her, staid three months, when Mr Smith released her from the H. of G. S. and of her own free will Fannie came here and asked us to receive her again. We did so, and she finally after six months was given to her sister. Then afterwards she drifted to the Midnight Mission, was very ill there and Dr. McKelway & Dr. Pierce took a great interest in her, and sent her to a Hospital where an operation was performed, and on Medical record she stands as the youngest person having undergone such an operation.

She was always a nervous, restless, and troublesome girl, a constant anxiety and worry— but a good deal like Becks bad boy— "When she was good she was very good", &c——————

It is about three years since she was here and went away quite offended that I would not receive her in the Home again.

This letter is a great Comfort, for some time she has been much in my mind and I have wondered where she was.

With all Fannie's faults she was truthful and honest in her ways— that I feel I can rely on the truth of this letter— but I shall go and see for myself.

I am glad to say she is doing for us what we so greatly need. I advised the Mother to place her in the House of Refuge, from her description

1892 I should think the girl needs to be in a Home of stronger restraint than ours. For three years she has given her Mother a very great deal of trouble, and is now only sixteen years of age, and perfectly unmanageable and thoroughly reckless.

The letting the girls go before their year expires is causing a great deal of trouble. After they get out they visit the homes of the girls, and tell the parents they can have them if they will go to the Managers, and it is getting to such an extent, that it is giving a great deal of trouble.

To day again the girls are in arms, they refuse to work, and their language is perfectly disgraceful. Would it not be better to have no specified time to remain than have the family in rebellion so often? Each time it is worse and worse, and keeps them in a state of uncertainty and unrest, there Letters home are full of the subject, and is the constant theme, going home.

I sent Miss Little over to the Catholic Bishop to see if they could do any thing with her, but he declined, and wanted to know why we did not keep her.

I finally had to let her go.

When she came in she was dressed in a white dress and white straw hat. I gave her a dark dress, clean, whole under clothes and a shawl, but she refused to go out in the white straw hat. I had no other to give her, and told her she would have to go in the one she wore in.

We had quite a scene in the hall for ten minutes, finally she went out, and stood on the step crying, until she attracted the attention of the passers by, and the neighbors, she then went down Summer St, what will become of the girl I do not know—

Mary looked very nice, she is married to a man by the name of Dungan, and lives on Park Ave. I asked her why she did not come see us, "because Mrs. Freeberger I could not come with a clear conscience, and I knew you would want to know, what we were doing". She expressed herself as sorry they did not remain a full year, for she realized now, that while they received good, she thought had they staid, they would never have gone back to wrong doing.

She remarked it felt like home to her now, as soon as she entered the house she felt she had come home. Rachel her sister is married and lives in St Louis. Both have been married two years and are in comfortable circumstances.

On Monday her poor broken hearted mother was here, and Nellie told her she would never be any better, she would be bad and could not help it.

1893 When she found Mr Crew was in earnest, and the Officer came for her, she then broke down, and begged oh so piteously to be retained. It may prove a very good lesson, Nellie had been in that Institution before, and knows what she was going back to.
As she knelt beside me and holding me in vice like grip — O she says — "Mrs. Freeberger, shan't these girls sit down in that room tonight, in this lovely home, O think where I will be and what will be my surroundings, O isn't it all a mistake, can't I stay?" I applied to Mr Crew, and he kindly undertook the case.
Beckie Blewett's year expired today — She has done well all the year. Her Mother has secured her a situation as Chambermaid

1893 at the Presbyterian Home out on the Darby Road. and took her there this afternoon.

Friday Apr. 7th

Mr Heiskell visited. Mr Jones held a very good service in the evening, a special feature was made of Mary's going away tomorrow, Mr Jones address to her was a very feeling one, the girls were much impressed. Mary's year ends tomorrow, we see much improvement, but would feel more secure of her future if we knew she was saved. She goes home to religious parents who are very anxious about her.

Saturday Apr. 8th

Mary Angle's father came for her this morning, they live in Bethlehem Pa. and she returns home with him. I enclose a letter Mary wrote me. A gentleman from Athens Tenn. called, Sent by Rev. This brother and another found out what her condition was, her parents do not know it, the brother brought her here to hide her shame, and wanted to know where he could place her. We sent him to the Midnight Mission. He was very grateful, asked that we would enquire about her once in a while. Miss Bedlock was present at services. The C. Friday April 14th

We were very glad to see Edith McArdle this morning, she has just returned from Mount Carmel. We had secured a good home for her in Rev. Mr Adamsons family in Norristown, she goes there tomorrow.

Our little "praying band" had a very good meeting this evening in my bed-room. Ten of our girls have banded together to pray for those whose names are placed in the "question box" on the evening of their Christian Endeavor meeting. The earnest pleadings of these young souls, at the mercy seat, for their young companions, surely must be heard, we feel Martha is given us in answer to prayer. We were much touched at the feeling prayer Bessie offered, and is the first time she has taken up her cross before the others. We have recently gone through quite an experience with Bessie, through a winter, Bessie was converted, we can never doubt it for the change in her

1893 was so great. But like many others both old and young, after a time began to be puffed up with spiritual pride, the consequence was, she ceased to watch, and fell. Naturally Bessie has a violent temper, and an ungovernable tongue. We saw she was losing ground, and warned and prayed with her, and for her.

But the crisis came, and I felt desperate measures to save her would be required. A few weeks ago after a fearful outbreak of temper, I took her to my room, and oh, what a sullen, defiant mood she was in; my heart sank within me.

I very quietly but decidedly told her, I had now done all I could for her, and to save her and the rest of the family, I should now hand her over to Mr Crew. I did not know what he would do with her, I did not think I should ask, she would be entirely in His care, and my interest in her would be at an end. I told her to go and prepare to be taken away. The startled look on her face was said to behold, she was like one awakened from a dream. Finally she broke down and cried piteously, then fell on her knees and begged me to forgive her. She did not ask that I would not send her away, but acknowledged she deserved it, and confessed her sin, and bad example before the others.

I reasoned and talked and counseled her the best I knew. She then asked if I would not let her stay just two days longer that she might get right with the Lord, "for when I go away I shall not hear of Him, and will have no help, and I will be lost".

After much hesitancy, I consented on one condition, she must go into room 43 in solitary confinement for one week on bread and water. (It is just a year since I have had occasion to punish a girl with such severity.) She consented, though thought it rather hard, but just.

We had prayer in my room, then I took her to 43 and left her with her

1893 Bible for her companion. Regularly three times a day she had her bread and water, and daily I visited her and prayed with her, one day I took her "The Imitation of Christ," by Thomas a Kempis. On the fourth day of her confinement, Bessie found peace with God, and what a bright happy girl met me on my next visit.

Even then I gave her no hope but Mr Crew would take her. She said she would go, it was just, but she would like to stay and show the girls what the Lord had done for her, and show her faithfulness to Him by her future life.

On the sixth day I sent for Mr Crew, when I paid my visit to Bessie I told her he would be to see her that day. I still told her she was in his care. She was very submissive, and very happy, and asked if she would go down stairs to him? I said no, he will come to this room.

In the afternoon he came, I took him up to her, and he talked very seriously and kindly with her, and very decidedly. He told her he considered it such a privilege to place any of his girls in this Home, that if they would not appreciate any of its advantages, and gave trouble he would remove them for he would not allow them to desturb the harmony of the home life.

Bessie acknowledged the justness of it all, said she was sorry to go, now that she felt she could and would do better.

I then said I was willing to try her again, if he was willing to let her remain.

He told her to come to me and tell me her feelings. Poor child, down she got upon her knees, lifting those great mournful brown eyes to my face, and in broken tones told me how sorry she was for the past, how wicked in God's sight she was, and plead with me to try her again.

Mr Crew then had prayer with her, and finally said he did not wish to keep her in suspense, and would decide then, and if we were willing to try her again, he would leave her, and trusted the like would never occur

1893 again. Bessie thanked him and promised to remember his words.

I had told her I would not take one hour off the week. So on the last day at the same hour I released her.

She expressed herself as sorry and almost afraid to leave the room, it had been so much to her. I told her she had found it a Bethel to her soul, and before she left it to pray that it should prove the same to every one who was confined there.

Only last evening I was told that some of the girls wished they could be sent to that room, the change in Bessie was so great.

Even Laura, our wilful, naughty, vacillating Laura, says she believes if she could go there it would do her good.

Bessie feels keenly her great weakness, an overweening sense of her own importance, and often tells me, she is so fearful of falling in the same way again. Last night I was glad to hear her plead so earnestly for others.

I have tried to give you the story of this one case, such are the scenes we have from day to day. Some in a less degree, but all are under the watchful eye of God. He knows.

Just here I would like to add, that the decided way in which Mr Crew, lays before his girls that he considers it a very great privilege to get them here, with such helpful surroundings, does a good work in placing the object of this Home before them, and is helpful to us.

Saturday April 15th

Received a nice letter from Rosa who has been getting married. Mamie Brown called and showed us her certificate of marriage.

Mrs. Cooper conducted afternoon service. The E. E. meeting in the evening was unusually good. Mabel broke completely down, she seems very much under

1893 conviction. She tells us that two years ago she was a member of Church in Baltimore Md. And with a band of workers would frequently go to a Home for fallen girls on Chester St. to hold meetings with the family. When she was arrested and Mr Crew told her he would send her here. She made the remark, "Once I used to go and talk with fallen girls, now I am one myself, and must be classed with them, O what have I brought myself to".

She has been here since March 7th but until this week has shown but little interest in any services. May the dear Lord continue the good work, and soften her heart to His truths. Heretofore she has seemed so reckless.

Sunday April 16th

Preaching in the morning by Mr Marsden, afternoon services by Mr Robinson and Mr Wing. Evening Bible-Class by Mr Shick.

Monday April 17th

A Mother applied to have her daughter 18 years of age admitted. And a sister to have her sister admitted. Both girls are married and each have a child, both girls ran away together and have been living an evil life. They were in the Station House awaiting trial.

I sent them to Mr Robinson, but I have heard nothing since from them, and presume it was thought best not to admit them.

Tuesday April 18th

Received a nice letter from Edith, which I enclose.

Mamie Mosen now Williams called with her little babe of three months old

1893 she is still with her mother. We are glad to know she is happily married.

Before closing our journal for the month, I would like to give some results of the good accruing from the Christian Endeavor Meetings.

Almost every evening after tea, some of the girls come to me to know if they may hold a little meeting. For half an hour, five to twelve of them get together in the little reception room, and it proves a good time to them. They are sure to take one or two new companions with them, and with singing, reading of the scripture, prayer and talking, they pass a profitable time. Bessie said to me last evening, O Mrs. Freeberger we had such a good meeting, and they help me so much, for I am learning how to lift my voice in prayer.

I often come into the parlor and listen to them, that I may know that their meetings are all right. Only once have I found cause to say any thing. They had been comparing their day, its conflicts and victories, and becoming a little too censorious, fearing trouble might arise, I quietly walked in as though visiting their meeting. I inquired into the progress they were making, and finally arrived at the state of affairs. I counselled them the best I could and started them again, and left them.

I believe these meetings to be very helpful. It is a little difficult to keep the wheels running smooth with the Lookout Committees work, as would be natural, that friction should arise, when any one is called to account for misdemeanor. Living together day by day as they do, but take them altogether they do pretty well.

Another instance of the result of this society, is, there is less quarreling, and more kindness shown to each other, and a general endeavor to help one another.

Do not understand me to mean, their conduct is faultless, but every

1893 effort made for the right is showing good fruit.

It is also helping them to be honorable in what they do. Some two weeks ago I told the washers I wanted less talking at their work, and in order to help them not to forget, every time Miss Foble had to reprimand them I should take ten minutes off their recreation, and when she was not with them, they were to come to me and report themselves. I warned them to be careful or they might lose considerable time from their hours of recreation. Now that they can get out into the garden these fine days, they feel that punishment more than any thing I can give them.

At the close of the day, three came to me and reported, that they each had lost thirty minutes. (I would say here Miss Foble had no report). Of course I was very much astonished and hurt that they should deserve so much punishment. After talking awhile, I finally told them I would forgive them this time, but hoped it would not occur again, they were very grateful and went away thanking me.

It was ironing day, the next day, but I had no bad reports.

The next week the girls that were in that washing, did remarkably well, not a report did I have, and they were pretty honest about it, their labor showed for it, they were through at least two hours earlier. The next day at ironing I was amazed and amused to. I don't believe there was fifteen minutes taken up with talking beyond what their work called for. And they were through and every thing put away by twelve o'clock. Other times it is almost impossible to get them through in time for school.

We are now house cleaning, Commenced this week, thus far I must say it is done

1893 with less talking and less noise than we generally have. Three girls came to me yesterday to report, they had done more talking than they should.
One could not wonder if they do, for the whitewashing is very hard on these young girls, there is a great deal of it to be done, and the ceilings are high. But I do think we can take courage at results of all this Christian Endeavor.

It is just one year this month, since this Society was organized, and we are making arrangements to hold an Anniversary and Lemon Sociable on the 29th inst.

I have secured the attendance of the Rev. Charles Roads. The President of the Pennsylvania Christian Endeavor Union, together with several other eminent Ministers.

I trust we will have a very pleasant and profitable evening, and hope all the Managers can be present.

The girls are almost used up whitewashing, the house-cleaning is very hard on them this year, and is taking up much longer time to do it, their hands are in a sore condition from the lime, the girls are so young, and unaccustomed to the work, that it has made our house cleaning up hill work. Considering the material we have to do the work, their youth and strength we think they are doing well, and deserve a larger supply of their usual treat we give them at the close of housecleaning, namely - Ice-Cream & Cake.
Mr Crew asked if we would receive a girl now in the Station House, after her trial was over.
Miss Gilbert, Matron of Station House 16th & Locust came to see if she would receive a girl there in the cell. We refused as too old.

Some weeks ago Clara Young's Mother came to tell us, Clara had gotten into bad company, and she was much distressed about her. I have made several calls but could not find Clara at home. The Board may remember a Letter I received in February last from Kate Hammil Poor Kate succombed again to her old enemy, drink. About three weeks ago she was found on the street drunk, by one of the College Settlement women, a Medical Student also. Miss Upham took Kate home and a few days afterwards had her admitted as a patient at the Keely Institute in Media Miss Upham bears all the expense, which will cost her some two hundred dollars for treatment and board.

The first ten days Miss Upham had her hands full (she remained at the Hotel with Kate) delirium tremens set in, and then gastritis. And Kate has had a serious time.

This afternoon I went to Media and saw Kate, afterwards went over to the Institute, and talked with the Doctor. He says he feels sanguine this week that the treatment will prove a success, the condition of health Kate was in he said had been very much against success, but he felt very hopeful of her soon.

We were greatly surprised when Mr Crew called to see if we would admit Lena Lang again. It is just three months since she left us having spent a year with us. Knowing Lena

1893 was weak, yet we felt hopeful of her future.
But in an unguarded moment she fell,
and this is the result. Her family notified
Mr Crew and he had her arrested.
Lena was working in a dressmaking establishment
and was liked, the lady in charge is very
much grieved for the girl. I resumed her.
Mr Walters and Mr Wells called to give
me the name of one of our girls (Amelia Wagner)
who they have gotten into the Consumptives home.
Amelia is in a dying condition. She gave

Katie Daubenspeck was taken home by her parents
this morning — Katie has good parents and
a nice home, we trust her future will be
better than her past. She has done well
here, and we are hopeful. Her home is
in Allentown Pa.
Miss Upham (the friend to Kate Hammil) called
to know if I would let Kate remain with us
over night. Her treatment at the "Keeley
Institute" ceased today, and she goes to
a place of service tomorrow. We told her
we would keep Kate over night, and
would be glad to see her.
Kate came about nine oclock. Her
first expression was, as she sat down, "O
Mrs. Freeberger home at last".
She feels quite hopeful of a permanent
cure, and is anxious to get to work
and begin to pay Miss Upham back,
the money she has spent for her.
Kate goes to Wayne in the morning to
a place of service for a few weeks — and
then expects to return to the "Charter
House" Media, as cook at a good salary.

it, will lead a new life; that God
will bless this effort made for her
restoration.

1893

Thursday June 8th

Kate left this morning for Wayne. She never forgets what this Home has done for her, and is always grateful.

Friday June 9th

The Rev. Mr Poole a returned Missionary from China, gave the family a very pleasant evenings entertainment, of Magic Lantern views of that country. The exhibition was in the Garden, the curtain was nailed on the east end of the house. It made it a very pleasant time, Mr Poole was an entertaining speaker, together with the Rev. Mr Gordon who assisted him, and the evening was one of instruction.

In the afternoon a Miss Haney, a young woman of about thirty years of age, who is confined to a rolling chair, and for fifteen years has never walked. Her limbs are drawn and distorted from rheumatism.

The last seven years she has been an inmate of the "Home for Incurables". Through the kindness of friends she was taken to visit Mrs. Wood, she is lifted on her chair into a wagon and thus moved. These friends kindly offered to bring her to us, and it was a treat to have her. Her helplessness was a strong appeal to the sympathies of our girls. She is perfectly helpless cannot move hand or foot, one arm is drawn up close to her side, the other straight down, that she cannot lift it, her hands distorted, one limb crossed over the other, and thus she has lain for years.

Her face with its sweet smile of Christian resignation is a sermon of itself, she is bright and cheerful with a good flow of spirits, and says she has no time for repining, for she finds so many worse off than herself. Our girls eagerly flocked around her, at her invitation, and constituted themselves her body guard,

1893

wheeling her about the garden, and listening to words of counsel. Miss Haney enjoyed the Magic Lantern, and her visit, she says it will be to her a bright spot in her life.

We trust that the outing, and the pleasure to Miss Haney, will not be all that will come out of it, but that a lesson of faith and trust has come to the girls. At ten o'clock the same kind friends came for her and took her back to Mrs. Wood's to finish her visit.

Saturday June 10th

Mrs. Cooper conducted service. In the evening Ida Hammond and Rosa Finch called. We were very glad to see them. They are doing well. Both girls pleaded so hard to be allowed to go into the Christian Endeavor meeting, that I took them in, and they enjoyed it.

Monday June 12th

Nothing of special interest.

Tuesday June 13th

We gave the girls a surprise to day, that they fully appreciated. We had Miss Haney brought over again, before she returned to her Home — It was a day of genuine pleasure all around, it has done our girls good, that they will never forget. What it is to Miss Haney, only she and her Lord know, as the days go by, and she lies in her helplessness, they will talk about it.

Monday June 19th

Tuesday June 20th

Nothing of interest, only the extreme heat which unfits the whole household for duties.
Two girls, Susie and Nora leave us on Thursday, both of these girls have lived faithfull Christian lives, doing the best in word and example, up to the light they have. Friday, Laura goes home.
There is a whole volume in those three words. What her future will be only God knows, never in all my experience have I had such a combination to deal with. Surely the year must be one of profit to ourselves, for most thoroughly have we had to exercise the grace of patience.

1893

Laura is endowed with intelligence and strong capabilities, but most wofully abuses her gifts. So many times we have felt encouraged with her, only the next hour to have our hopes blasted, by some miserable freak of hers. If we had Laura alone, I would have dealt by the contraries with her. So entirely opposite is she in all she does. When Laura first came Mrs. Wood dubbed her "my pet". I think I can write "my trial".
Notwithstanding I have hopes in Laura's future. It will be an interesting case to follow up.
I enclose two notes received from the girls.

Wednesday July 5th

Mrs. Courtney called in the evening and spent a pleasant hour with the girls.

Thursday July 6th

Marion Hackney called with her husband. She has been married two months. Marion was called home suddenly on account of her Mothers death, this was eight months ago. And this is the first time we have heard from her.

While away at Newport News Va. I went over to Hampton to see Anna Symington's father and sister. Last March he came here in an intoxicated condition and demanded Anna. I refused him and he became quite angry. I told him I must have some reference as to how he lived and what provision he could make for her. So he gave me the name of General Woodphin, Governor of the Soldiers Home at Hampton Va. I wrote the Gov: and received the enclosed reply.

Mr Symington left that day, and went out to Chestnut Hill to the Consumptives Home to see his daughter Ida.

This man when his children was small drank and abused his wife and finally left her. The Mother died and left the Childre in the care of Mrs. Wain of Westtown Pa. near Glen Mills. She placed them in the Southern Home, and Industrial Home — and from these Homes they were placed in families.

Now the father turns up, and is

1893 working upon the minds of the girls by telling them his last wife, now deceased, has left him twelve thousand dollars, and unless they go and live with him, he will not let them have a cent of it.

He prevailed upon Ida to leave her home and in April she went to Mill Creek or Hampton.

I called there, and such a distressed home as it is, not fit for a human being to live in. I tried to persuade Ida to leave, her father is constantly drunk, and has the same class as himself about him. Not satisfied with my visit at the house, a few days later, I went to the "Soldiers Home" and called on Governor Woodphen. He was very pleasant and very kind, said it was no place for the girls, and if they had any respect for themselves round, they could not have very long if they staid there. He said Mill Creek vicinity was populated by a very low class of people, and it was no place for these girls. He has promised to find out if it is true this man has money, and is to let me know.

The Governor got into our carriage and drove around with us, showing up the different departments of the Soldiers Home, and was very kind and entertaining.

Anna's time is out in October. I hope she will be persuaded to keep away from her father, she will be twenty one and can choose for herself.

Friday July 7th

Mr Crew and Mr Santee were here to get the testimony of Mary Paul against Mr Bentley the seducer.

1893

She was glad to see us, and seems happy in her marriage.

Kate says she has felt no desire for liquor, but she is very miserable in health, and looks so. The Dr. says she must rest and not work this summer.

So many girls she says go back to ruin and degradation because of no home or friends, or endeavor in some way to make way with there babys.

The Sheltering Arms can accomodate but twenty and other Homes are not open for them. At the present time Mrs Taylor is interested in a young Swede girl who was in the pregnant condition when she left Sweden, and is entirely alone and friendless, the girl does not want to give up her child. Some weeks ago Mrs. Courtney promised to secure a home for Julia, it will be two years in Sept. since Lizzie (Julia) Dolby came to us. And we feel it is about time she was placed at service.
Mrs. Courtney has secured a good home for her to attend to children. Under Mrs. C.'s care she does not carry the Stigma of being in the "Magdalen Home". They left this afternoon, Julia felt pretty badly, her Brother and Sister were here to see her off, and we are anxious for her future. Lizzie will be fifteen years old in August.

Tuesday August 1st

A lady from Pleasantville N.J. called to see if we would take her niece. She said they could not locate her just now, for the house the girl had been in, in Atlantic City had been raided and she had escaped.
The girl was 14 years old last January. As the woman talked, I recognized the history of the girl brought us July. 19th
Only last evening she came to me and confessed she had told lies when she came here, and was sorry for it. And that she had given me a wrong name, that her right name was Minnie Stibbins. I asked the

1893 Aunt what her neice's name was and she told me Minnie Stibbins.

The girls story was, when the house in A. C. was raided the woman sent her to Phila. to a house on Girard Ave. & 3rd sts they would not take her there because she was so young - the woman told her she would be arrested for keeping her. She sent her to another place, with the like result, after being turned away from both places the girl accosted several men on the street. One man advised her to go home, as this man walked away he spoke to a policeman and showed the girl to him. The officer arrested her, took her to the Central Station, they sent over for Mr Crew and committed her to the care of that Society, and Mr Crew sent her to us.

When I told the Aunt she was here, she rejoiced, and said a great load had been lifted from her. The girls Mother is dead, the father is married again and pays no attention to his child. The Aunt has had her for several years.

Miss Bedlock conducted service.

In the evening the girls held their meeting, and it was one of great surprise to all. Seven girls were proposed for the active membership. The greatest surprise of all, was Lina, she has been here ten months, and has resented and resisted every effort made for her salvation. She openly and decidedly took the position of a seeker of religion. She says she has been conscious for some time that she must. She is naturally a very quiet girl never talks of herself, There was a general rejoicing among the girls, for Lina is a great favorite. She asked to be admitted as a seeker, on the active list.

At 12 oclock Mr Sheridan succeeded in getting a Doctor, after going to five. (Dr. Watson is away, and the Dr. he left in charge was out of the City at the time). It took five girls to hold Ada in these convulsions. We had a scene, the family were scared, and so nervous they could not sleep.
In the morning she dozed awhile, but at 9 oclock again commenced and kept it up all day. Dr Burk pronounced it Epilepsy, and kindly undertook to have her admitted to the St. Clements Hospital.
Dr Morton the attending physician

1893 called, and after examining her said it was not Epilepsy but Hysteria, and would not admit her to the Hospital. Mr Crew sent Mrs. Phinchon up, to see what could be done. The girl had to remain tonight.

Tuesday Aug. 22nd

Up to eleven o'clock Ada kept up the same distressing time. Dr Bunk came and gave her a heavy dose of Morphine, and she fell asleep and slept until morning.

On last Saturday evening Mattie had taken away from her about one yd. and a half of wide lace she had knit. We made every inquiry we could for it, and said what we thought might help the girl return it. To day the lace was returned and the girl acknowledged to taking it.

Mattie came to me and told me Blanch wanted to see me. So I went into the reception room (this was directly after a prayer-meeting the girls had held) and Blanch and Mattie were there. Blanch then told me what she had done and was all broken up about it.

I expected Mattie would be very angry, but to my surprise and pleasure, told Blanch she freely forgave her, that she had been praying since Saturday night that the Lord would put it into the heart of the girl who had it, to return it to her, and to help her (Mattie) not to be angry with her, indeed Mrs. Freeberger she said, I love her better than I ever did. Mattie showed such a sweet Christian spirit over it, that I felt quite encouraged.

Thursday Oct. 19th

A girl that was Pregnant applied for admission.
Today I went with Mrs. Campbell to visit the Jamesburg, N. J. Reform School for boys.
We were very much pleased with the School, there was such a Home atmosphere, the boys looked happy. Contented, I think would be too much to say when deprived of liberty, yet there was a free happy look about them.
The Home is beautifully situated, in a beautiful park, and every thing has such a refined, cheerful aspect. We first visited the work-shops. We were too late to see them all in operation, for it was near the School hour, and the shops were soon closed. We visited first the Laundry, and saw the coloured boys at work, under a very competent Laundress as we should judge by the work displayed. I never saw more beautiful work either in an Institution or private home, than the Laundry work in that place. The shirts are all ironed by hand, also skirts wrappers &c. and all done by the Colored boys. We next went to the Bake

1893 Shop, the person taking us around told us, that for several weeks, the Baker being absent, one boy pointing him out to us, had superintended the work, and had succeeded to the satisfaction of Mr Otterson the Superintendent.

The Printing Office was next visited, where the boys are taught printing, there several were setting up type for the paper they print called "The Advance". I will enclose a few copies. Mr Babcock the printer told us that the boys went from there fully capable to go into Printing establishments.

The brush factory was a very interesting place, also the room where the boys were mending clothing. And another room where they were making shirts, pants &c.

By that time the bell rang to put up work, and the shops were closed, So we did not see the electrical plant, shoe shop, barber shop, Plumbing, Carpenter, blacksmith shops and Brick yard and other industries in operation.

Each Cottage has its own school-room, but before going there, the boys were sent to the play ground. We were very much impressed with the order there. Each Cottage quota of boys have their own play ground, with no fence between, only stakes to mark them off. It was a pleasure to see them scattered around the grounds, some attending to their little flower garden, some rolling hoops, or playing ball, tag, or other boyish games, with none of that martial surveillance which is so rasping, but a freedom and happiness, not often seen in Institutions. There was none of that lock step, as they went from the shops, but a boyish orderly dismissal. There were eight boys walking a circumscribed place in lock step for punishment.

When the bell rang for school at 1/2 past two o'clock, we went too, and going from

1893 Cottage to Cottage saw them in session.

In number four we staid to hear the boys sing.

Mrs. Campbell gave quite a little talk to the boys, which they enjoyed, showing their appreciation by a boyish hearty laugh, not a disagreeable sound we sometimes hear, which is simply an unpleasant noise.

And there happy faces were a pleasure to look upon.

We came away fully paid for our visit, and much impressed with the home atmosphere that pervaded the place. It is well worth a visit to the Institution. No, not that, to the boys Home.

Friday Oct. 20th

I remained in New Jersey until this afternoon with Mrs. Campbell, and went with her from Farm to Farm as she visited a number of her girls. It was interesting to see how happy the girls were to see her, and how skillfully she dealt with them, and made them feel her interest in their future. O it is a good work to follow up these poor unfortunates, many of them have no other homes to remember with pleasure.

The girl frequents the slums, is a Roman Catholic but would not go to the House of Good Shepherd. When she came the word was brought the Dr. would write me in a few days.

I received a letter later. When Dr. Watson saw her she found she was diseased but thought with care she might remain. Monday of this week she utterly refused to let the Dr. see her — And she has now refused to treat her and says she must be sent to a Hospital. I communicated with Mr Stout and he wrote me he would be here tomorrow. Florence has done very nicely in every other way, and does not want to leave the Home

Friday Dec. 8th

Mr Stout called, the Managers of the Wilmington Home said he was to take her to the House of Good Shepherd. But they will not receive her there in this condition. Mr Crew applied at the Phila. Hospital for me but they would not receive her because she came from Delaware, At the most she will only have to be away two or three weeks. So far she has done so well in School and down stairs, that I still feel we can do her good here.
Mr Stout went to the Jefferson Hospital and we are to send between the hours of twelve

1893 and one oclock tomorrow to see the Professor of that Ward. If we cannot have them admitted then Mr Stout will come up on Monday for her.

Evening Bible class by Mr Hill.

Monday Dec. 25th

The first intimation we had that Christmas day had begun, was hearing the girls at my bed-room door, singing Xmas carols and waiting to be the first to bid me a Merry Christmas. This performance has been handed down since my first year, and never has been omitted. It is a merry time to the girls. And each new class enjoy the thought, I know nothing about it. They practice for it, some time before Christmas, but I am conveniently uninterested, and don't seem to observe.

1893 The usual gifts of a book, Candy, Cards, and things in their stockings were given. The tree is a source of pleasure to them. A dinner of Turkey and the usual accompaniments followed. The day proved a pleasant one all round, And when bedtime came they were all ready to go. Mr Hill called in the morning, In the evening Mollie Wanner visited. We remembered a number of girls outside sending them books, Cards, and Calanders, and in a couple of cases Candy.

Lizzie has been playing the organ since Bessie left and we expected to be without an organist, but we find Jennie Betts is a very good performer.

Friday Dec. 29th

Mr Crew visited in regard to Jennie Betts, and her parents were here also.

Saturday Dec. 30th

Miss Bedlock who is now in her 80th year conducted services this afternoon. She has never failed us in all the years she

1893

has been coming. She tells me that for over fifty years she taught school and was never absent a day through sickness. Two weeks ago she fell as she was going down stairs, She attributed it to heart failure.
She seemed so feeble today that after she was through services Mrs. Hurn took her home.

On Wednesday evening the girls held what I supposed would be the closing meeting for the year. Four essays were read on "What God has done for me, and what He will do". And were very good. They had a very nice meeting.

I was very much surprised this evening to find them collected for another C.E. meeting, and waiting for me. It proved a very profitable time, And many resolutions were formed for the New Year. Four were admitted on the Active Members List.

Tuesday Jan. 2nd

The Matron of one of the Station houses down town called to see if we would admit a girl, the father will come with her later.

We were very much surprised at an early hour this Morning to see Tillie Davenport. She has been discharged from her place of service, since two days before Christmas. Tillie is sixteen years of age and is without money or work. Christmas eve she tells me she slept out in the Park all night. I gave her a note to Mr Crew and told her, I would meet her within an hour at his office. I did so, gave him her history since she left us a year ago last September, and asked him to investigate, and if all was right with her, would he keep her at there rooms until a situation could be found for her, if she had been living sinfully to send her back to us. She came from their Society in the first place. Mr Crew kindly consented. How convenient it would be if we had telephone communication with the S.P.C.C. Office.
Tillie's case is but another to add to the list of those who are away from us, that need a little help to keep them encouraged to do well.

Wednesday Jan. 3rd

In our reply we stated our usual requirements and added, if it was a case that had been here before, we would not receive her.

Monday Jan. 22nd

We were glad to see today, Lizzie Evans, Naomi Collins, Rosa Winch and Ida Hammond.
All of these girls are doing well — Naomi is married and had her little babe with her. Rosa and Ida are both employed at the Children's Hospital 22nd & Walnut Sts. and have been there for the last nine months. Ever since Ida has been in the Hospital she has been paying from her wages six dollars a month for her little brothers board, and out of the other six dollars clothing both her Brother and herself.

1894

This is very commendable in Ida, for when she came to us, in 1891 she was a miserable poor, ignorant, and forsaken girl. Her father in Prison for rape upon her (and is still there) her mother intemperate, paralyzed and blind. From here we placed Ida in a farmers family in Bucks County. While there her mother died. Ida immediately assumed the responsibility of her two little brothers, one was a cripple. She appealed to me and I sent her to Mr Crew and he placed the cripple in St. Christopher's Hospital. There Ida goes to see him every week, then to her other little brother who she has boarding in a family. Ida left her place in Buck's Co. to get another at higher wages that she might meet these expenses, and secured the one she has, at three dollars pr. week. The family in Buck's Co. are constantly writing for her to come back.
Ida could not read when she came to us, and applied herself to her school duties with zeal — when she left she had mastered reading and writing and spelling, but regretted leaving school. She tells me today she is attending two evenings in a week — a night Class in St. Clements Guild.
This is a very encouraging case, especially when we remember the surroundings she come from.

With our increased numbers there is more or less difficulty in managing in our narrow quarters. Thirty nine girls, three large dining tables, an organ, two sewing machines three closets, fourty chairs, in a room 21 x 29

Mrs. Kurn hardly know how to do for the best, when she has her sewing out — when it comes meal time, every piece has to be folded up and placed in the closet, at one oclock it is taken out again, the time consumed in giving it out, and the strain to keep all pleasant and quiet, is no light matter.

But of the getting ready for services. Jostling, pushing, moving about from corner to corner, chairs to be lifted in their places, this one struck with a chair, another her toes trod upon — impulsive angry words, impatient rejoinders, and then the settling for services. Where is the spirit for prayer and service? Is it any wonder we feel like saying "How long O Lord, how long"?

Saturday July 28th

On Dec. 28th last, we admitted Jennie Betts. She was taken from Wanamakers Store in an insensible condition, from the influence of Laudnum, a habit she was confirmed in. She was sent to a Hospital, then afterwards to Mr Crew's office, and from them to us. The first night she

1894 was here she attempted to hang herself on the gas fixture in the Hall. The fixture broke and the house was filled with gas. We nursed her for several weeks, and she has been steadily gaining in health, and in the same time in spirits, and a tendency to mischief and insubordination. Many times it has seemed we must send her away. For the last month she has been very much under conviction, sometimes she has been in a very subdued spirit, at other times would act as if possessed with devils, then penitent and declare she did not know what was the matter with her. The battle has been a severe one. But Jennie has come out more than conqueror.

On Thursday evening when I went into her room, she said to me "Mrs. Freeberger what would you say if I tell you I have found peace in Christ"? And she was very happy. I could not help but rejoice with her. "I cannot describe to you how I feel, but O I have such peace. I want to tell the girls, how much God has forgiven me, for my life has been so bad".

Last evening at the close of prayers Jennie rose to her feet and said, Mrs. Freeberger may I tell the girls something? She then told the girls what God had done for her, and that she was henceforth a soldier of the cross, and meant her life should tell for Christ. It was a great surprise to the girls, for to only two girls had she spoken about it.

This took great moral courage for Jennie, for she has so openly declared unbelief in God and His word, yet down deep in her heart she knew better. Sometime ago Jennie wrote me a letter declaring her unbelief and afterwards another letter of contrition

1894 I will enclose them both, together with some portions of a diary, disconnected, but will give an idea of the character of the girl. Jennie is our organist and always willingly renders what service she can.

Our faith has been so small for this girl, that it has been to us a bright spot following a letter from Mrs. Scatchard that we should come to Atco and see Lillie, who is giving her trouble. We have stood in much fear for Lillie, so much has been made of her in the Church at Atco, that we almost felt a downfall must come. I may have to remove her from her good home, and tide her over this place for a while, and trust she will come out all right.

1894

Friday Aug. 3rd

The girls are doing very nicely, in school and down stairs, there is a good feeling among them. Jennie's conversion has a deep hold on them. She is doing her best to undo past influence and they respect her for it. There are of course some spirits among them that resent and refuse all the good influences they can — if they were all so willing to be helped and instructed, we should begin to think we were out of the body surely — but it is not so, for we have daily evidences "that when the Sons of God came to present themselves before the Lord, and Satan came also among them". We are never left very long without the knowledge he is somewhere about. It is hard for a young Christian here, and the battles they fight and the victories they gain mean much to them. Some are brave and courageous others again are weak and faltering. "But the Lord knoweth them that are His".

Just at such times do we long so much for another house, that the family life, the family influences, might not be so broken. Yet not have it so distinctly apart, that the good influences should not be felt, but that the bad influences should not be constant reminders, and a drag upon the good. Some day this work will fulfill all its possibilities. And we trust it will never be removed from this spot, that the bright memories that so many of the inmates of this Home, and place, shall never be effaced by removal to new quarters. Surely this is a consecrated spot. God owns it too often to doubt it.

She promised better behavior and Mrs. Scatchard was willing to give her another trial. The girl seems real penitent and we hope this will prove a good lesson to her. She was very glad to see me, and very frankly confessed her wrong, and gave fair promises of amendment.

Helen called. I find her place is too hard for her, she is overworked and is breaking down. I sent for her, and will have to remove her or she will be sick. She has done her duty faithfully and I feel pleased with her. A letter from Jennie Hocking is rather discouraging - while she is a little better yet she is not able to go to hard work - The Dr. writes she will have to be very careful or she will have Bright's disease. What to do with her for the winter is a question.

Friday Oct. 5th

The S. P. C. C. sent Eleanor Brown, sixteen years of age last June. And from the record of her is a suitable subject for this Home.

The brother called to know if I knew where she was, as she had refused all communication with her supposed husband. Sunday Oct. 7th

No preaching service in the morning owing to the illness of Mr Jackson. Afternoon service by Mr DuBois. No evening Bible-Class.

Monday Oct. 8th

Another visit from Mr Cassler in regard to Selma - I greatly pity the girl, she is broken down in health and grieves so hardly over her position in life. It was a cruel outrage on Selma was never a fallen girl. but was cast off by a father, and since 14 years of age has had to battle for herself. You may remember after having sent her to Cooperstown, what despairing letters she wrote of her loneliness, and my visit to her. She left us April 1890. then just past her fourteenth year. Selma has always conducted herself modestly, but she is uncouth and this I think is due to being knocked about so much. Before her marriage in June she was serving in a Restaurant on Ridge Ave. and twenty third street, (she is there now) a young man in the restaurant insulted her as she was waiting on him. She immediately took the towel hanging on her arm and slapped him in the face. She has told me Young men in the Country, where she lived there, have tried to insult her, and she has served them the same way, until they learned to let her alone, quoting her own words "they respected me the more"

1894

Thursday Oct. 9th

Selma and Mrs. Seaman called this afternoon, I sent Mrs. Nunn for her. The brother of Mr Cassler called in the morning to see if I would send for Selma and see if she was willing to marry, for the sake of her child and her own reputation. Selma is greatly under the influence of Mrs. Seaman the wife of the propietor of the Restaurant Selmas is in, I could only point out the case to her and the after results, and leave her to decide for herself — her feelings for the man has greatly changed, she cannot get over his deception or her ignorance of whom he stood in regard to the divorce. It seems the divorce was granted the wife, but not signed yet by the Court when he married Selma, and the wife out of revenge had him arrested. Selma positively refuses to marry him again, what may result from her visit to Dr Crum tomorrow morning I cannot say.

It is real pitiful to see and hear her — "O to think I have tried to live virtuously all my life, and now this should befall me, Marry him? No, I hate him, I'll take my baby and go away where he will never see me". Poor girl she don't look if she could live through it, she is ill most of her time and under the Dr's care, she grieves over a $29.00 Dr. bill she cannot pay. Mrs. Seaman is very kind to her, but whether she is wise in denouncing the man in such hard terms, and persuading Selma from marrying him, I do not know, I could only state results and leave it for the poor Child to decide herself.

1894

Wednesday Oct. 10th

Mrs. La Mont called for Alice, we hated very much to part with her, just two years ago today since she came to us, and she goes out very much improved.

Mrs. Fletcher police matron from 11th & Vine Sts. brought Minnie James, I refused to receive her, this is the second application for the same girl, once through Dr Gardner — The girl positively declared she was not a ruined girl, and as there are circumstances which make her a charge of the S. P. C. C. I suggested she be returned to them.

We were very much surprised to see Clara Going — she is home with her mother again.

The girls held their C. E. meeting and a very good one they have, As Alice was Secretary we appointed Ida to the office.

1894

Saturday Oct. 13th

Miss Bidlock conducted services.
Selma called to show me a letter she had received from Mr Cassler — She seems to be trying to decide what is right for her to do, away from the influence of the Seaman family, she is inclined to marry the man, and left here with the intention of going to see his brother.

Sunday Oct. 14th

Preaching in the morning by Mr Dankworth, & afternoon service. Evening Bible-Class by Mr Scott.

Wednesday Oct. 24th

Our School seems in a prospering condition. Miss James in the short time she has had it, is doing good service. It will take some time to undo bad habits formed during the last six months the school

1894 has been under the care of substitutes. So far progress is made in studies and deportment, and Miss James is winning the love of the girls.

Thursday Oct. 25th

Nothing worth journalizing

Friday Oct. 26th

Gertrude Miller by order of Mr Crew was returned to her parents.

Saturday Oct. 27th

Visited Alice and found her happy at her work, Mrs. LaMont is very much pleased with her, and Alice is striving to please and is contented. So far it seems a good home for her, with interest taken in her welfare. We then went to see Helen — I have been troubled about her, Helen is subject to Sciatica rheumatism, she is a girl that will work straight along until her strength gives out, and then she goes down. She has been five months in this place, and we find she is overworked, and is scarcely able even with doctoring to keep up. the woman she is with, the more willing she finds her, the more she gives her do. I feel I had better take Helen away before she grows discouraged and gives up, or breaks entirely down. Miss Redlock present at services. C. E. meeting held in the evening.

Sunday Oct. 28th

Preaching in the morning by Mr Lyman. In the afternoon by Dr. Todd, Mr Kreskell's Pastor — Mr Kreskell was not present on account of serious illness of his daughter, Mrs. Moon. Bible-Class in the evening by Mr Krickly.

1894

Monday Oct. 29th

I have to day had a call from Mr Satchard where Lillie Smith is. He says since my visit she has been doing better, and they desire to keep her longer. I shall go to Ateo again in a few weeks, and hope we can tide her over her foolishness, and will not have to bring her back. Mr. Satchard is brother in-law to the parties that have Helen, he advised me to take Helen away for she was being worked beyond her strength.
This evening I wrote Mrs. Nagle to return Helen a week from to day, as she was breaking down and must rest or she would lose her health.

Tuesday Oct. 30th

Nothing of special interest during the day. In the evening Mr and Mrs. Nagle called, and thought I gave her a very short notice, to secure another girl. I consented to Helen's remaining two weeks if her strength held out, but if she secured a girl before that time, they were to return Helen.

Wednesday Oct. 31st

Nothing worth journalizing.

Thursday Nov. 1st

Mrs. Strendberg called to see if we would receive her daughter seventeen years of age. Believing her to be a suitable subject, we sent her to Mr Crew to help her get the girl.

Friday Nov. 2nd

Mr Crew sent us Charlotte Strendberg. Lena Lang called, Mrs. Nagle had gone to Mr Crew and told him Lena did not wish to leave. Mr Crew sent for me to meet Lena at his

1894 office, which I did — From Lena's own account to Mr Chen she is over worked and feels she cannot stand it — The next thing she will be a subject for a Hospital if we let her stay — So have ordered her to leave and come home for a week or two until we find an easier place for her —

We are very much pleased with Helen's faithfulness under the circumstances — When these pastis took her, they promised no one should know where they got her, and in no way would they cast up the past — both promises they have broken, And Mr Chen and myself have decided they are not suitable people to have her or any other of our girls.

Lizzie, Minnie, and Edith called all three are doing well.

Saturday Nov. 3rd

Mrs. Cooper conducted afternoon services, Christian Endeavor meeting in the evening, after the leader (Irene) asked if any of the girls had any thing to say or read, Ruth a very quiet girl, and one who scarcely ever talks about herself arose and read the following. "I will tell you this evening that I have been seeking to know the Saviour for sometime. I have not experienced the change of heart, which you know is required of us in order to enter the kingdom of Heaven. We must be born again, I have not yet come to that point, but I have a great desire to lead a higher and better life than I have. Millie often told me sinful pleasures were but for a season and it is indeed true. Some of you may think it is foolishness, but I have come to think it is a very serious matter, and think we should all stop for a moment and think what we are doing. It is but a reasonable service. I have a longing desire to know God's

1894 love and peace that passeth all understanding. I feel that I need the Saviour as a Friend, for the Bible says, He sticketh closer than a Brother. I have not many earthly friends to depend on, but I feel that if I had the Saviour I would not care, and would be able to stand. I wish more of you girls would start with me and try and make our lives more profitable. I hope you will all help me and pray for me for I am needy".

This came as a great surprise to me. I had been watching Ruth for sometime and thought her serious, but often thinking it best to let them for a time, "work out" there own salvation with fear and trembling, only dropping now and then a word to them, perhaps in passing or in conversation, I had not particularly pressed the matter.

This communication changed the meeting and for a season prayer and testimony was given, and a profitable season we trust was passed. Sunday Nov. 4th

In the morning Mr Jones preached from the text, "And I, if I, be lifted up from the the earth, will draw all men unto me". Ruth was very attentive. When dinner was ready she asked to be excused and allowed to go to her room. After a time I followed her and found her on her knees with her Bible open before her. I talked and prayed with her, and left her feeling light had broken. Afterwards she came to me and told me, after I had left her, peace came to her soul and she was so happy.

We were without afternoon service, In the evening Mr Waters conducted Bible-Class.

Wednesday Nov. 7th

Millie called. I enclose a letter Ruth has written me, which I think will be interesting to be read.
While out to day, a young girl came up to me and asked with a good deal of feeling, is this Mrs. Freberge? When I told her yes, she said do you know me? I answered I do, and I do not, who is it? Do you remember Mamie Thomas? "Yes I do and have been seeking information of you for years — Where have you been"? Mr Cadbury will remember how interested we were in Mamie. She came to us in 1880 was then just past sixteen years old. She was taken away by her Aunt, and after a few months we lost all trace of her. She gave me an account of herself from the time she left us until the present, She has gone through a great deal but has come out all right. She has promised to come see us, and spoke with feeling of her home here, and asked if Mr Cadbury was still with us.

Wednesday Nov. 28th

Called at the address we had of Grace Poff's and found they had moved. Also called on Selma Gerstenberger at the Midnight Mission - The man who married her is still in Prison.

In the evening the girls held their

1894 Christian Endeavor meeting. The topic for the evening being a Thanksgiving service, we thought it best to have the meeting on this evening, as some what a preparation for the next day.

It proved to be a most profitable meeting. The topic was, "What are you grateful for, and how can you best show your gratitude". Six of the girls wrote papers on the subject, I will enclose them and I think you will find them interesting. When Edith came to us last April, she was one of the most hardened we have, holding feelings of hatred and resentment to her parents. She has not been hard to manage as to conduct, but perfectly indifferent to every thing good. We have recently been noticing a change in her manner, and more attention paid to efforts for her good. Her paper will speak for her. Truly she is a brand plucked from the burning.

Thursday Nov. 29th

Thanksgiving day. The influence of last night's meeting had been felt all day. The girls began the day with much thoughtfulness on the mercies God bestows upon them, in all they did that influence was with them.
After a hearty dinner of Turkey and its accompaniments they passed the afternoon in playing games. In the evening we had arranged a play of guessing. Twelve of the girls were dressed each to represent a character in a book - The rest were given the names of the Authors, and were to guess the names of the Books, Two prizes and a booby prize were to be given. We chose from the Books they have in the Library and most of them had been read in the work-room.

1894 There was a good deal of fun. We had Freda from "Juecchy" out gathering chestnuts (There were not many chestnuts left in her basket when they were through) Eva and Topsy from "Uncle Tom's Cabin", Little Mary Tullis from "The Old Homestead", Joe, from "Little Women", The Irish cook from "The Mother of the King's Children", Uncle True from the "Lamplighter" The little water cress seller from "In Prison and out". Mrs. Judge Erskine from "Ruth Erskine's Crosses". Ellen going shopping from "Wide Wide World". A girl with a helmet on from the "Old Helmet" "Elizabeth Fry" — and Elsie of "Elsie Dinsmore". There was quite a good deal of guessing done. Ida and Augusta made out nine books each, and each received a box of candy. Katie guessed only one and got the booby prize, a climbing monkey.
After the fun subsided we gave them a treat of ice cream and cake and sent them to bed. Not a ripple marred the day, all was harmony. Mary Paul and Laura Smith called in the afternoon.

Tuesday Dec. 25th

At dawn of today, Christmas, the girls were at my door singing their Xmas carols, and dubiously eager to be the first to wish me a Merry Christmas. After going down stairs

1894 they all admired the tree, looked at there presents than took their seats for prayers. At one oclock they had dinner, and all enjoyed the roast Turkey and other good things. In the evening they had a dialogue and singing. Mrs Robinson was over in the morning - and also in the evening. Lizzie Evans called, Florence and Alice also visited.
The day was a happy day for them, and they went to bed good and tired.

In the morning a young girl claiming to be 18 years old, and just off the boat from Washington D.C. came to see if we would take her in. Said she had been sent here by one Josephine Ross who was once an inmate. (twelve years ago Josephine left us.) I took the girl, but in a few hours she demanded to go out. I refused to let her, as she said she was a stranger in the City, without friends or home and but one dollar and ninety cts. in money. I do not credit her story, and intend to send her tomorrow to the S.P.C.C.

Monday Dec. 31st

I sent Mary Ford (as she called herself) with Miss Todd to the S.P.C.C. Mr Crum will investigate her story. She claims her father is living and is Captain of the boat "Ariel" running from Baltimore.

She seemed to recognize some of the places on her way to the Office, that I should not wonder if she was a runaway and been in this City some time. She had no clothing but what she had on, and that was in a very bad condition and said to be burned. I presume we shall see her back here. To day being the last of the old year, we held the C.E. meeting in the evening making it something of a watch night service. The topic for the evening was - "What Lessons can I learn from the past year"? Several papers were written on the subject, and altogether the evening was a profitable one, for the ending of the Year, 1894

1895

Tuesday January 1st

The New Year dawned bright and clear. The family are in a joyous mood looking forward with much pleasure to the half holiday, that they expect to spend in sleding and sliding on the frozen snow — The garden is in a grand condition for the exercise — They have had several days of that pleasure and are fully enjoying it, giving full vent to their lungs.

I enclose a letter from Jennie, this is her first and it will be interesting to watch her course — Poor child, I know she dreaded going out, afraid of herself.

The day that closed, and the family are all in bed, tired stiff and sore, and we have indeed entered on a new year.

was given the family on Saturday evening
Dec. 29th, by a few of the young people of
Centenary M. E. Church. They have
promised us the "District School" en-
tertainment and being unable to get it
up during Xmas week, very kindly
gave the family what they could. Through
Mrs. Hudson these entertainments are
given. Mr. Crew has promised them
three Magic Lantern exhibitions for the
winter.

Tuesday Jan. 8th

Mr. Einhorn called to tell us Carrie had
left home and was doing wrong again,
and wanted to know if we would take
her back. I sent him to Mr. Crew.
Mrs. Geekle called also, and says Margaret
(who we discharged because she was pregnant)
is becoming wild and unmanageable again,
and asked if she did so better would
we receive her again, but thought if I
would go up to the house and talk to
her, it would do her good, I have promised
to try it. Gertie Myers time was out today,
but I presume because of the storm, they did
not come for her.

1895

and Arch Sts. Gertie's father called for her.

Friday Jan. 11th

Mrs. Haddock and Mrs. Hodge Managers of
the Presbyterian Orphanage brought a girl
who had been with them some ten years.
This fall they placed her with a family
in Moreton, they have had to return
the girl, because of badness, and
the Managers have had matters brought
to their knowledge that they did not
know before. A man in their employ
and this girl had been too intimate
before she left the Home, and his
following her up brought the knowledge
out. They had discharged him before
they found this out. I took the girl, but
as the Managers wanted to transfer her
to our care, giving her up entirely, I told
them we would not take her in that way,
that it would be better for them to transfer
her to the care of the S. P. C. C. and we
could then hold her subject to the care
of that Society. The ladies left to go to
Mr. Crew. The girl is very lame, was
born that way.

In evening Bible-Class.

Monday Jan. 15th

Estella Brown called. I visited to-day Jennie Betts and Mary Paul — Mary is doing very nicely, is regular in her Church attendance, and giving satisfaction to her employer.
Jennie is trying her best to hold out, but circumstances are sadly against her. The man Dr. ——— (his true name she has never found out) is following her up, he has a strong influence over her. She cannot go out that he doesn't molest her. There has been a sad circumstance in her life, that she bound me not to reveal and this Dr. is concerned in it.
I felt impelled to-day to go see her, and found her in a terrible state of mind, this man, no not a man, but a fiend, such her as she was coming from Church on Sunday evening, and had given her Laudanum, the terrible drug she is struggling so hard against.
Poor girl how I pitied her, she appealed so hard for me to save her.
She has expected to go to Jersey Shore to her sister. I inquired about it and found it would be at least two weeks before her father could send her. So offered to get her

1895

a few articles she needed and loan them the money to send her, getting her off this Thursday. They most gladly consented. I left with the understanding Jennie was to come here tomorrow to see Mrs. Hearn about her dress. In her extremity to-day she said you may tell that matter to Mr Crew now, and "Oh, would you save me"! I shall see Mr Crew in the morning.

Tuesday Jan. 15th

Went to Mr Crew's office this morning, and told him the whole circumstance, she agreed to meet her in the afternoon here & which he did, but it was a sad time, this man had again seen Jennie and given her the drug, and she was partly under the influence of it. I had a long time talking with her — before Mr Crew came, she said, "Mrs. Freeberger no matter how cross I am will you promise me to save me from the Dr.?" Mr Crew took her to the cars, but neither of us felt we could do much for her. She left us still with the understanding she was to leave the City Thursday morning.

Wednesday Jan. 16th

I received from Jennie in the first mail a most pathetic letter written after she arrived home, still begging to be saved. I had told her I would be up to her house to-night, and she should go ahead with her arrangements to go away tomorrow, and that I would be up on Thursday and take her to the train. After receiving the letter I sent it to Mr Crew, and then wrote a note to Jennie and sent it up by Mr Sheridan, asking

1895 her to answer by bearer. I enclose the answer. I shall go up tonight, if we can only get her away, and in the care of her sister + brother in-law, she has promised to reveal every thing to them and throw herself on their protection. I will also enclose a letter received on Tuesday morning which I should have received on Monday, and when I called on Monday she told me she had mailed it.

It has always been her desire to labor here as long as she lived. Two weeks ago tomorrow she held her last service here, and as she left said, she was so glad she was able to come. Last Saturday she sent me a little note the Dr. forbade her coming any more. On Tuesday of this week (as I note above) I called on her, she came down stairs to see me. The Yellow notice was taken from the door by the man that fumigated the room. Dr. Vangascoyne followed after, she wanted to know who took the notice down, and found fault that the man had done it. He gave the name of the girl as Sydney Searle — We never had one by the name of Sydney nor any one by the name of Searle admitted as recent as five years ago. But we had one by the name of Mary seven years ago — and judging by the occupation of the father, it is the same family, whether the same girl or a sister I do not know. I told the young man we never had any one by the name of Sydney Searle, and if such a girl had been here, did he think we would be doing right after all these years to tell on her? to see her bright happy face, she says

how well she was doing.
Mr Crew has been to see Jennie Betts,
Jennie is fast becoming a wreck
again from the use of Laudanum.
What to do for her is a question,
hard to answer. I found on Sunday

my mind.

Sunday Aug. 4th

Preaching in the morning by Mr Knight
Christian Endeavor Meeting in the
afternoon.

With much sadness and grief
we are called upon to record the death
of another beloved Manager. Today we
received the news that yesterday morning
at 11 oclock dear Mr Kieskell had
gone home to be with Jesus. When here
on Thursday he seemed so tired and
feeble, and as he went down the street
I thought, will he ever come again?
Feeble as he was, his interest in the
work was as keen and bright as ever.
On the Sunday afternoon previous,
he held his usual service, and his pleading
with the girls to give their hearts to Jesus,
was as earnest as always.
Often has he told us, he never bent the
knee in prayer but he remembered this
home and family. And many times
when I have been depressed and
anxious over the work, he has given
me words of cheer and encouragement,
lifting us as it were into the very presence
of the Master by his own great faith.
His beautiful life, rounded and
perfected with the love of Christ,
now finished and safe in Heaven,
has ever been a benediction to us,
never to be forgotten. Twenty seven, out
of Ninety years, has this saint of God
been permitted to labor in this field.
We shall sadly miss him, with all his
co-laborers in this noble work.

"The Christian Endeavor Society of the Home feel deeply the loss of our dear friend Mr Kieskell, we cannot tell you how very much he was to us, nor how great is our sorrow at parting with one we loved so well. He was father, friend and counsellor, and sadly we mourn his loss, for we looked forward to the Sunday afternoons when he would come among us with so much eagerness and joy.

They were blessed hours and when we think that God permitted him to spend his last Sunday with us in one of our little meetings, we feel that we shall always treasure the advice and counsel of the one who so often thought and talked of us.

It was very hard for us to part with one we loved so dearly but we want to say "Thy will not mine O Lord", and then if we follow in the footsteps of our blessed Master, as our dear friend would so often entreat us to do, we know that in a little while we shall see Mr Kieskell around the great white throne where we shall never say Good Bye.

Signed

Rebecca Fields and Mamie Miskell made their escape some time in the night, in a very daring manner - Over the back stairway running from the fourth hall is a small window - they pushed the wire screen out and got on to the roof of the back building - which is very steep, they must have let them selves down by the lightning rod into the garden, and then broke into the wash house, took out chairs and table, and emptied the garbage barrel, placing these things against the wall near the swing in the Blind Asylum and thus got off - Both of these girls have been here but six weeks.
The active members of the C. E. Society feel very badly about it, they think they have been remiss in duty and example - some feel it a mortification, and remarked, to do such work as that, makes this place seem like an Institution and not a Home, when it is a Home. In the morning before daylight Miss Fole went to the wash House - I leave you to imagine the shock to her nerves when she opened the door and saw those figures in the uncertain light.

She tells me she is living with a family up town, and is a member of the

1896 Cookman M. E. Church — I think her story is correct — for I have heard of her through others, and each account has been a good one.
Nothing occurred in the Home during the day.

Friday Dec. 25th
Christmas morning, commenced with the usual 5 o'clock serenade at my bed-room door. The little melodian from the School-room was brought into the Hall, and the girls had a good time. It is their delight to be the first to wish me a Merry Christmas.
It was so cold they were all glad to scatter to their rooms again — and all was quiet until six o'clock —
We did not have a tree this year, but decorated the bay window, and it looks very pretty.
Every one was delighted with their box of Candy, illuminated card, and Book, together with an apple, banana, and orange.

About ten o'clock at night I heard a light
tapping on my door, when I called to
know who was there, Agnes answered.
I opened the door, found her white and
trembling, and in answer to my inquiries
said She could not remain in her room
any longer. I questioned a good deal
to find the cause — and finally she
cried out, O Mrs. Freebeger I want to
be good. I at once took in the situation,
for her reply was in tones of deep distress.
After some talk, and trying to quiet
her trembling, I said Let us get down
before God and tell Him about it.
I don't think we were three minutes
on our knees, and before I ceased
praying — I noticed how quiet she
was getting, the trembling had ceased,
and then I heard in such awed
tones, "Oh, Oh, Praise the Lord", Praise the
Lord": After awhile she raised herself threw
both arms around my neck and her head
on my shoulder, and there she rested
in that quiet awed way, with now
and again — "Praise the Lord". "What
is it Agnes I said, "O I am so happy",
I had some talk with her, and after
the clock struck eleven I said, Now
Agnes I must send you to bed.

1897 she raised her face, with both hands
threw her hair back, and with a
countenance that shone with the peace
of God said, "But O I feel I do not want to go
from this place".

This means a great deal to this girl.
She has been one of the most trying
and difficult girls to manage in the
home. And for the past week
unusually so. She has kept the
state of her mind very closely, and
would resent any efforts made to
induce her to give her heart to God,
it is a cause of great rejoicing that
she has come out on the Lords' side.
But O this is but the beginning — that
she will prove faithful is our hope and
prayer.

Monday Jan. 11th

In the evening Mr Cadbury gave the girls
a talk on some Magic Lantern views
of the late war — Mr Truscott kindly
operated the Lantern, and Mr Shick
was also present and gave an account
of the battle at Gettysburg.

Tuesday Jan. 12th

Agnes still carries that quiet peaceful
manner, and looks happy —
I asked her today, how it was with
her, had she given any testimony of
what Christ had done for her?
I have told several of the girls, she
answered, they seemed glad, only
Helen she said, getting good are
you? "What answer did you make
her — "I answered yes Helen and
I mean to be always".

In a little less than seven weeks Agnes
leaves us, many a battle will be fought
and I trust many victories gained
that will be helpful and strengthening for
the future.

Rev. Mr Tomlinson met with the Literary Society this evening — everything was read and recited well, after the weeks of hard work on the late Entertainment the Society gave.

A young woman twenty three years of age, applied for admission — but was not willing to remain a year. She spoke very freely of her life, said she went wrong when but fourteen years of age — She was an only daughter, and indulged and would have her own way. And now she was tired and disgusted with her life — her health was gone, and she was tired of everything.

She went away saying, She would think about coming. I gave her the address of the Home on Dauphin St. and told her to call there — She said she wanted to get into a quiet place and small family.

Jennie Hocking called, has been in the City a week — for the last year she has been living in New Haven, Conn.

1897

Saturday Jan. 16th

Mr Sheridan took Lillie to the Reading Depot to meet Miss Cotterell for the 10.40 train. Fourteen months since Lillie came to us — and she has had her stages of good and bad — and I believe she will come out a good woman — for there are many nice traits of Character in her. She has never been a fallen girl, but rescued before it was too late.

C. E. meeting was held in the evening. There seems to be a seriousness pervading the family; which was manifested in the meeting — Agnes gave a short but pointed testimony for Christ. Her standing is being felt among the girls.

Monday Jan. 25 th.

Our organist has been in an unsettled and restless state of mind for more than a week, and something very unusual for her - irritable and cross. I have watched her without letting her know it. This afternoon I felt impelled to talk with her, and sent for her to my room. I found it was as I suspected, that she was deeply convicted. I talked with her for some time, found she was not willing to give up, though wanting so much to be the Lords.

As she left me for the school room I said Clara will you think seriously of this? You say you have been praying

1897 that the Lord would show you yourself. Do you believe He is doing it? Yes, Yes and I am so wicked, how can He ever forgive me? As she went away she promised to come to a decision.

During most of the School hours she cried a good deal, the Teacher recognizing her condition, had for several days allowed her some freedom to work out this restless spirit, and did not attempt to control her crying this afternoon. After supper some of the girls proposed to have a meeting in the little room, I gave them permission, and found at least a dozen ready for it. During the meeting I heard a good deal of weeping, and pleading in prayer, and with each other. I then went into the parlour and listened at the door for some time.

I finally concluded I would go into the meeting, and came into the hall for that purpose. Just as I raised my hand to open the door, it opened and Clara came out weeping bitterly. Clara I said, why are you coming out of the meeting, why do you not stay there? O I cannot she said, they are all praying for me, and I cannot give up, O how can God forgive me, I have been so wicked.

Clara I said will you go with me to my room? O yes and she went rapidly up the stairs. I waited until she became quiet then talked with her the best I could for some time, she all the while pleading her unworthiness. Finally she came to the point where she promised to give herself just as she was to God.

I commenced to pray with her, she following me, and in earnest tones she repeated - "Take me dear Lord, I give myself to thee, just as I am, body, soul, mind and

1897 spirit, O take me and forgive me for Jesus sake, I do believe thee", and she stopped. And then with a shout, that rang through the room, and raising herself she cried, "Praise God, Praise God, I am His, I am His, He does receive me, body and soul I am Thine", O Mrs. Freeberger the load is all gone, it is not here any more, O I am so happy, and throwing her arms around my neck she shouted - Praises to God - I could not speak, only hold her, it seemed the very room was illumined. By and by when she became calmer, I tried to instruct her a little in the Christian walk - It was then time to go down to family prayers - I let her get into the room some time before me, and learned afterwards that she said as she entered the room - "O girls I am so happy". Some of the faces shone gladness - and others looked incredulous.

We held a little prayer meeting and Clara offered a prayer of praise and thanksgiving for what God had done for her.

The next morning Mrs. Kurn said to her - I hear good news about you. O yes Mrs. Kurn, I was so happy last night I could not sleep.

Agnes's faithfulness and change in her life has had much to do with this. And then Nellie who for six months has been living a consistent christian life, amid derision and much persecution, and especially from these two girls -

Nellie came to me some time ago depressed and out of spirits, that these two derided her so much, and hurt her feelings. I told her then, to treat them with the utmost kindness and make them a special subject

1897

of prayer, which she has faithfully done, and now God has honored her faithfulness.

That these dear Girls may prove true and loyal to the end, is our earnest prayer,

They are entirely different in temperament, yet alike in their earnestness and love towards God. Make them the subject of your prayers, for it is hard for them even here, and will especially in Clara's case be harder for her, when she goes to her own home.

Wednesday Jan. 27th

Monday evening

"Dear Mrs. Freeberger

I suppose you saw the notice in the Ledger this morning about my dear Mother. She passed away very peacefully at six oclock yesterday (Sunday) evening. She had been very weak and miserable all the past week, but was down to her meals each day, even Sunday morning. She was lying on the bed asleep as I thought, until about one oclock I noticed she was not natural, and found I could not rouse her. She never rallied, though she seemed to faintly recognize our voices when we spoke. She did not suffer at all, and the end was simply the breath stopped without any kind of struggle. I hope you will be here on Wednesday at 12 oclock. I think she will look very natural.

Yours sincerely
Helen Roberts Cooper"

He has gone never to return, but his love for, and interest in the Home will ever be felt.

To the very last while suffering so much, he thought of the family. I wrote him of Mrs. Cooper's death, and he wrote me back, that he thought it would be fitting for us to have a Memorial Service on his Sabbath afternoon, which

1897

is tomorrow, and asked me to send him some items of interest in Mrs. Cooper's labors here, little did he think that when the Sabbath dawned he would be safe in His Father's House, and we would be mourning his loss.

Saturday March 27 th

Mrs. Van Osten conducted afternoon service. In the evening we held C. E. Meeting. As we were about retiring Helen desired to see me. I sent for her to my room, when I inquired what she wanted to see me for - she began by confessing how she and Katharine had broken one of the large panes of glass, in the Bay Window - by twisting and falling against it, and that she was sorry for it. After talking it over I asked if that was all, and was about to dismiss her - She remained quiet for a little while then said, with tears running down her face, O Mrs. Freeberg I am such a wicked girl, will God ever forgive me? I have closed my heart so often against Him, and would not listen to His voice, what shall I do? I am so unhappy - and, I am afraid.

I was not prepared for this, for only a few days ago I had occasion to reprimand her for disobedience, and she was very defiant.

I found she was earnest and sincere, and wanted help - I talked and read with her, until finally she asked me to pray with her - As I prayed, for a time she followed me, then stopped - and began again praising God - What is it Helen I said, why are you praising God? "O because He is so good to me, I feel so light and happy" - Do you feel God has pardoned your sins? "Yes I do, but O I want to be sure of it, for I have been so wicked, I don't think there is a girl more wicked than I have been." She remained on her knees pleading and then praising, and it was'nt long before it was all praise - and a very happy girl was Helen

1897

when she retired to her room.

Enclosed is a letter received from Agnes, how glad she will be to hear the good news of Helen - for Agnes suffered much from Helen's derision of her, when she came out on the Lord's side.

Sunday March 28 th

No preaching service in the morning - Mr DuBois conducted afternoon service, and Mr Hinckley the evening Bible-Class.

In the evening I had a talk with Clara, feeling she was needing instruction and encouragement, and found her staunch for her Master, and full of zeal for His cause - yet with it I was apprehensive she was not faithful in little things. We had a serious, plain talk, before leaving she asked me, if I would not see Laura for she thought her serious, and anxious for her soul. I told her to send Laura to me.

I have been feeling anxious about this girl for some time - she is so deaf that she never hears the service & in some days she leaves us. It seemed as though nothing of good was reaching her. She is a quiet girl and reticent, and I felt I did not know her.

Judge of my surprise when I found the work was going on in her heart, and she too was reaching out for salvation. Clara had told me she was praying for Laura, and she believed she would be saved.

I found in talking with the girl she had a clear and intelligent understanding of God's plan of salvation, and her standing before Him. That she was realizing that her time was short, and she would be leaving the Home and its influences, and felt her need of God's saving grace to keep her.

1897 She said she felt she was not understood for she was diffident and undemonstrative, that no one could tell what she was feeling — I have written you a letter Mrs. Freeberger, and when you read it I think you will know how I have been feeling. On Saturday evening in our meeting I had asked, if any desired me to pray for them to hold up their hands — I noticed Laura did not, this evening she told me, how much she wanted to, but was too cowardly to do so — "and Mrs. Freeberger I have been ashamed to look at you since."

In her conversation she told me — she gave herself to God, no matter what she suffered, or what came to her, she was His, and she believed He received her — but I have no feeling about it, I feel no change like the girls say they do — but I believe, I believe He accepts me — I renounce all for Him — Are you willing Laura to live on, honoring God with this faith, though you never feel the sealing of the Spirit, that you are born again? Yes, for I believe, and God is true.

It was beautiful to see her faith, and you could not doubt her sincerity. After talking a while longer — I said, Laura would you like me to pray with you before you leave me. And she gladly consented. While in prayer a sweet peace came to her, she raised her head and said, my burden is gone, O how light I feel, God has received me, I knew He would, O thank Him. "O Father I thank thee that thou hast heard me". Her face showed the peace that had come, and we trust never to be parted with. Before leaving me she thanked me over and over again, for all we had endeavored to do for her, and told me to

1897 express her thanks to the managers.

While talking with Laura, I noticed a noise outside as of running away from my door. I afterwards learned, Lettie, Amy and Dorothy had come upstairs to change their dresses for the evening service, and were spotting over Laura's being talked to —

So you see, it is not a easy life for the girls who come out on the Lord's side — Yet greater is the victory for the cause, if amidst all the persecution they prove faithful.

Surely we have cause to rejoice that the work is going on, and that the prayers of God's people are being answered.

We found early this morning that Mamie and Clara had escaped during the night, by breaking the lock into the School-room, getting down over the roof into the yard. Sometime in the day they had stolen the key from the door in the rear of the work room, and thus got into the house and took out chairs and tables to the wall, and got down where the pole swing is in the Blind Asylum yard — This they tell was about ten o'clock in the morning — they walked to third and Berks to a house of ill-repute Clara knew of — and the woman was afraid to take them — she changed their clothing gave them fifty cents for them to go to a House in Wilmington — the girls then walked to the Boat at Chestnut St. wharf, found the place in Wilmington, and by that time both were pretty well frightened and cried so much the woman would not keep them but sent for an Officer, and he took them to the Magistrate — The Officer sent a telegram to Mr Trent and he sent Mr Ward one of his Agents and by six o'clock the girls were back again, frightened and penitent. A young girl twenty four years of age called to ask if we would admit her – She says she has been living a life of prostitution off, and on for three years – and is heartily tired of it. She is from James River Va. And has not been home for a year. She seems very earnest in her desires to reform – Had been twice to the "Florence Mission" but feels there is too much liberty to go in and out, and that she needs to place herself beyond that temptation.
In the three years she has been doing wrong she tells me, she has several

1897

times given up the lewd life and gone to work – She came from Washington to this city a month ago, with a girl she met there, and both were in a house of ill repute on Lombard St. She speaks well and seems to have good training, says her people are farmers and well to do, I asked her how it was she began to do wrong – It is the old story – not wanting to be restrained – her parents are religious people – and she wanted her own way – so would go away from home to work in a Mill – and there got into bad company, quoting her own words. "I wanted my own way and would have it". I admitted her, first asking what she would do about her valise, which she said was at the "Florence Mission," expecting for an answer, she would go for it, and we should probably never see her again – But instead she said she would write them to please send it to her.

When Lizzie left here nearly five years ago, a giddy girl not sixteen years of age, we rather trembled for her future. But she has done well. this morning she said, "I shall never cease to be thankful I was placed in this home, I regret I did not use the advantages I had more to my profit. We were surprised to see Sadie Liggetts husband, knowing he was so ill, poor man he is in Consumption, and for the past six months unable to work. The Doctor has ordered him away, and he called to see if I would, as he expressed it, give his wife Motherly care while he was gone.

She has none to make the living for the two, and tries to be brave and cheerful in her trials. I will enclose their pictures taken some five or six years ago just after they were married – Fourteen years ago Sadie came to us, not quite fourteen years of age – the victim of her step-father.
