My own Darling Love

I am so delighted to know that Tots is all right again and that everything moves smoothly with you. Today is cool, clear and delicious. I am working at high pressure and actually begin to believe that at some remote period I may get through.

A check for \$100 came in from Northport this a.m. much to my relief. No response as yet arrived to my demand for an extra sum. I am just drawing a will for Cecilia's sister who leaves for Ireland on Saturday.

I inquired this a.m. about the oil stove and cannot get anything which is not at least twice the size of Loulu's. I think we might as well wait to get one until you get home. If you think otherwise, perhaps Will might get it for us when he returns to N.Y. after his holiday.

Enclosed is letter [sic] from cousin Mto you. I will answer it this evening so you need not write to her promptly. Am very well and strong. God bless my darling and little Tots.

Your own Loving
Larry
