Dearest Pet Love

Your telegraph has just arrived[.] So glad to hear that you got off all right[.] The trunks will no doubt turn up all right. They are in N.Y. for I saw them at the station last night.

I have come home to a dreadful lot of work which has piled up for me. I have fairly started, however and will no doubt see daylight in time. Cockcroft's check turned up yesterday all right so that we are not financially flummoxed.

It is hot as blazes but I feel very well + strong and capable of doing an immense amount of work.

God bless my darling and the little one

Your own loving

Larry
