Dearest,

B. just gone to [Cam.?] + I take 7.10 for Wash.

Weary feeling sup. now for me. He is cheerful, of course pre-occupied - cause rushing back to say he couldn't imagine where his hat was - + it peacefully reposed in lounge where he had put it [to rest yes?].

We went over in the [morn?] after lunch for an hour, shopping - very mild shopping. He looked at a cause (of course with it in

mind) + I returned a pair of pumps - that's an inexpens way to shop isn't it?

This is just to carry my good night love - to my precious [illegible] daughter.
