This is the little farm Lulu said was rough, but prob. just what we'd like. The owner is Kitty Bowers, now Mrs. Frank Bailey, [Wel?]'s cousin- She told me in Phila., by telephone, that the price is 30,000- L.K.B. snorted & said if I wanted it to offer 5,000 without hesitation-

The booklet came to me here- Edith Swift telephoned this a.m. wants me to go to with her this week or next. Of course I can't. I'd rather have a swim than anything I can think of
