taking us to B.H., your train but no Heidi praise be! It seemed too cold for the boat journey we both thought- not having all the warm wraps we needs for such a trip. Robert & I parted after brkfst this morn- He to go to camp to place the new cabin wh. will be begun on Monday- He plans to stay at Deer Lake 2 or 3 days. Esther is doing her diets etc. and I think should benefit. She enjoys the nice big comfortable boat & planned to come up in it yest. Afternoon. Much love dear mother
