not knowing Saluka had left it open (my fault, I forgot to look) when she took vegetables not donated from Hadlyme- Shirley says it can be fixed all right, only hinge a little bent. I rec'd his Pa's painting bill yest. morn & immediately sent cheque (327 #/100). He said this morn. "Mrs. Lewis, such a thing never happened to me before- to get paid the same day I sent the bill!" and went on to tell me how people delayed one & two years- did you ever? He said there were only about 3 people in Lyme where he 'didn't have to [illegible]'- also that he sells 250# worth of Sunday papers a month & has such a time collecting the money- we are bosom friends as you will guess-
