could you ask someone to get their lamp for me? It's the blue one that Bob & Helen gave me, & got broken thro' Hanson's careless putting the electric sweeper on it in the closet. Perhaps it would do to leave it with Eberhardt until October, what do you think?

I had a lovely visit w. S. & E. & the 2 girls- We motored to the farm that Esther liked- & they (not E. or I) went in bathing- & in the aft. Bob came & we 4 went to the Hamilton in D.River- only a little visit- & round home via Haddon Bridge- Bob drove us in his car-

The two children played croquet- all the afternoon nearly- & S. enjoyed it also- & Bob-

I am so thankful with you that Harry is doing well- it's wonderful isn't it? to see such results of your own faithful effort. You have always been very wise and very patient with him- and now you are both reaping the reward-

Logan & Mary & the children & dog have all just stopped (only for 5 minutes) on their way to S. town: such a lovely little family.

Saluka and Artie are angelic and housekeeping w. them only a pleasure- no trouble at all- I get everything right here, and am not going about picking up things any more- I'm making you a lovely white silk slip- my Japanese [illegible] ordered one. Best lover darling
