August the 29th 1730 Came Samuel Chew of Maidenstone
 before me the Subscriber one of his Lordships Justices of the
 Provincial Court and took his Solemn Affirmation in due
 form of Law that the Subsequent List of Debts is a fair
 abstract of Randny Accounts as they stand stated in this

 they stand in the folios refered to in this List and also in
 the several other Books of Accounts from whence they have
 been transferred and collected into this Volume as they are re-
 fer'd to from Place to Place are Just and true and that
 he hath received no part nor parcel thereof more than he
 hath given Credit for to the best of his knowledge
